Corrective Reading: Decoding C Independent Work Percentages

Independent daily work is a critical measure of student mastery. A record needs to be maintained of individual and group performance. The attached charts give the percentages for the independent work that students do in the Corrective Reading programs. The charts list the lesson number, the total number of items possible for each lesson and the percentage correct. The charts can be used for grading and to provide an accurate record of student performance.

Students need to be at **85% mastery or above** on their independent work for each lesson. Students who fall below 85% for three consecutive lessons have a problem and a remedy is needed. A remedy is also needed for students who frequently fall below 85%. If one fourth or more of the students in a group fall below 85% on a specific lesson, the entire group should repeat the lesson.

Students need to count errors accurately to calculate the correct percentage. The basic rule in counting errors is that numbered items count as one response. If a numbered item has several possible answers the item only counts as one response. For example, an item might tell the students to order a sequence of events.

6. Here are some things Jane and Doris did on their "wasted" day.
Number them 1, 2, 3, 4, 5, and 6 to show the order in which they happened.
They watched television.
They walked along the beach again.
They went to bed.
They ate seafood.
They walked along the beach in the morning.
They drove to a seafood stand.
The above item counts as one response.
here are some other numbered items that are followed by lower case letters
1. a. Is this a story about something that really happened?
b. How do you know?
Fach required response counts as one item, so the above item counts

Each required response counts as one item, so the above item counts as two responses.

Remember, keep a daily record of student performance on independent work. Student mastery is 85%. Take a corrective action when 25% or more of the group falls below 85% mastery, when individuals score below 85% for three consecutive lessons or when individuals frequently score below 85%.

If you have any questions, please email NIFDI at training@nifdi.org or call (877) 485-1973.
