* Book doesn't give enough time to work on Mastery Test Lesson 19 Ex. 2, should be 1 1/2 minutes for the 24 problems instead of 1 minute.

Always award student points based on the same criteria: 0 errors = 2 points, any errors = 0 points.

Remediate and retest students who exceed allowed errors. If more than 20% of students in the group exceed allowed errors, stop and do remediation with the whole group.

Comments: Group finished Decoding A in December but is not doing well in Decoding B1.

Group B struggles with passing checkouts. Ms. Wood is working with me to show me techniques to improve fluency.

Lesson progress varies from week to week with Group C. They have been in the Subtraction module since the beginning of the year.

* Correct criteria for fact timings are 16 per minute. Adjust the time given in the TPB to 16 per minute: for 16 facts give 1 minute, for 24 facts give 1 1/2 minutes for 32 facts give 2 minutes.

Always award student points based on the same criteria: 0 errors = 2 points, any errors = 0 points.

Remediate and retest students who exceed allowed errors. If more than 20% of students in the group exceed allowed errors, stop and do remediation with the whole group.

Comments: Renee has failed all attempts of all checkouts for the last two weeks. She is often distracted in class and does not participate.

I will test Ella and Azaria on MT 11 on Monday.

Penguins started CMC B last week and are struggling overall.

Scoring Notes

- a. Collect test booklets. Use the Answer Key and Passing Criteria Table to score the tests.

Passing Criteria Table — Mastery Test 1			
Part	Score	Possible Score	Passing Score
1	3 for each correct number	12	9
2	3 for each correct number	12	9
3	2 for each equation	18	7
4	4 for each equation	16	12
5	4 for correct counting 1st time, 3 for correct 2nd try	8	6
6	4 for correct counting 1st time, 3 for correct 2nd try	12	9
7	1 for each question	12	10
8	4 for correct counting 1st time, 2 for correct 2nd try	10	8
	1 for each minus-1 question		
Total		100	

- b. Complete the Mastery Test 1 Individually Administered Section Summary Sheet and the Test 1 section of the Group Remedy Summary Sheet to determine whether remedies are needed. Reproducible Individual and Group Remedy Summary Sheets are at the back of the Answer Key and at the back of the *Teacher's Guide*.
- If $\frac{1}{4}$ or more of the students did not pass a test part, present the remedy for that part before beginning Lesson 11. The Remedy Table follows and also appears at the end of the Mastery Test 1 Answer Key. Remedies worksheets follow Mastery Test 1 in the *Student Assessment Book*.

Comments: Group A finished Decoding A in Dec. They are pulled 60 min. a day. Drew and Tatianna are missing the underlined word on CO 2 by five words or less.

Simone makes too many errors on CO 1. Group B struggles with passing checkouts (word count and errors). Ms. Wood is coaching me on techniques to improve fluency.

Lesson progress varies from week to week with Group C. There are severe behavior problems. The Dean is called to my classroom daily. They started Sub in Sept.

National Institute for Direct Instruction (NIFDI) gives permission for multiple copies for classroom use.

* Correct criteria for fact timings are 16 per minute. Adjust the time given in the TPB to 16 per minute: for 16 facts give 1 minute, for 24 facts give 1 1/2 minutes for 32 facts give 2 minutes.

Always award student points based on the same criteria: 0 errors = 2 points, any errors = 0 points.

Remediate and retest students who exceed allowed errors. If more than 20% of students in the group exceed allowed errors, stop and do remediation with the whole group.

Comments: Renee has failed all attempts of all checkouts for the last two weeks. She is often distracted in class and does not participate.

I will test Ella and Azaria on MT 11 on Monday. Penguins started CMC B last week and are struggling overall. I repeated L 9 because 5 were absent.

The weakest sections of MT 1 were Writing Teen Numbers, Count by Tens - Plus 10, 2-part Numbers, Count Backwards
