Course Overview
The five-day workshop provides comprehensive training on Direct Instruction curricula appropriate for teachers' grade level and students. Specific session descriptions including goals and objectives are located in the institute brochure.

Student Learning Outcomes
Students will develop skills to work effectively with students from all backgrounds including those who are culturally, linguistically and economically diverse as well as students with disabilities. The exact nature of skills learned will depend upon the training sessions in which students participate. Separate sessions are available for teachers, administrators, and Direct Instruction trainers.

Required Reading
Siegfried Engelmann (2014). Successful and Confident Students with Direct Instruction. Eugene, OR: NIFDI Press. ISBN: 978-1-939851-02-4 and the accompanying discussion guide. These are available on the NIFDI website (nifdi.org) in paperback or electronic version as well as through Amazon.com. The book is an easy-to-read, yet thorough, explanation of the ways that Direct Instruction enhances student achievement and self-confidence, how low performing schools can become high performing with the implementation of DI and the personal rewards to teachers when they are effective in the classroom.

Written Assignments
1. A daily reflective log: This may be neatly (legibly) handwritten and must include the date, session name, and summary of the session that includes: activities, content, related research information, and any thoughts, questions, or reflections. The log should incorporate your reflections on the sessions, the readings, and, when appropriate, your discussions with others in the sessions. Please
use standard size notebook paper if completing this task by hand. Word-processed versions are preferred but not required.

2. A final reflection and action plan for implementing the skills learned during the workshop: Identify two to three big ideas and discuss these and their relevance to providing quality educational services to a diverse range of students. Conclude with a section labeled "Action Plan" and discuss plans to utilize and implement what you learned into your professional practice this coming year. Indicate possible problems and anticipated solutions. Be sure to indicate how both your attendance at workshop sessions and your reading have informed the plan. This submission must be word processed and formatted in a professional manner appropriate for sharing with others.

3. The daily log and the reflection and action paper must be submitted to the instructor by Monday, August 15. It should be sent via e-mail to jeans@uoregon.edu.

Attendance Requirements
1. Participants must attend a mandatory class meeting scheduled on Tuesday, July 25 at 4:15 and obtain a signature of attendance. Check with the registration table for location of the meeting. Specific requirements are listed below.

2. Attendance and participation in all aspects at four morning sessions and four afternoon sessions is required.

3. Attendance is documented by submitting an attendance verification form at the conclusion of each session day (or as specified by the session leader). Have the session leader sign in the appropriate box to verify each day of attendance.

4. Submit the attendance verification form at the conclusion of the institute on Friday, July 28 (collection box will be on the registration table).

Student Engagement Inventory
To aid in assigning student credit hours uniformly to courses in the curriculum, faculty need to document the amount of student engagement in a course. The University of Oregon Curriculum committee has developed the following tool to help document engagement hours. It is a required part of this syllabus.

<table>
<thead>
<tr>
<th>Educational activity</th>
<th>Hours of student engagement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Attendance at introductory class session</td>
<td>.5 hour</td>
</tr>
<tr>
<td>Reading required book</td>
<td>3 hours</td>

<tr>
<td>Attendance at workshop sessions</td>
<td>6 hours x 5 = 30 hours</td>
</tr>

<td>.5 hour * 5 = 2.5 hours</td>
</tr>
<tr>

<td>4 hours</td>

<td><strong>40</strong></td>

Evaluation and Grading Policy
The instructor will confirm receipt of all materials and provide feedback by the end of the term. A Grade of P will only be awarded upon the satisfactory completion of all of the requirements outlined above (attendance, reflective log and final reflection and action plan). Graduate students (those enrolled for 508) will be expected to show a higher level of analysis and reflection than undergraduate students.

Attendance Policy
As described above, attendance at all classes and activities is required.

Absence Policy
Students must contact the instructor in case of illness or emergencies that preclude attending a class session or taking a quiz/exam. Messages can be left on the instructor's voice mail or e-mail at any time of the day or night, prior to class. On a case-by-case basis, the instructor will determine whether the illness or emergency qualifies as an excused absence. If the absence is excused, the instructor will work with the student to create an alternate learning experience to make up for session that was missed. If no prior arrangement was made before class time, the absence will be unexcused and the student will not be able to make up the time.

Academic Misconduct Policy:
All students are subject to the regulations stipulated in the UO Student Conduct Code (http://www.uoregon.edu/~conduct/). This code represents a compilation of important regulations, policies, and procedures pertaining to student life. It is intended to inform students of their rights and responsibilities during their association with this institution, and to provide general guidance for enforcing those regulations and policies essential to the educational and research missions of the University.
