

Signature Reading Mastery 2 — 5 Independent Work Percentages

Independent daily work is a critical measure of student mastery in Signature Reading Mastery Grades 2 – 5. A record needs to be maintained of individual and group performance. The attached charts give the percentages for the independent work that students do in Signature Reading Mastery 2 – 5. The charts list the lesson number, the total number of items possible for each lesson and the percentage correct. The charts can be used for grading and to provide an accurate record of student performance.

Students need to be at **85 percent mastery or above** on their independent work for each lesson. Students who fall below 85 percent for three consecutive lessons have a problem and a remedy is needed. A remedy is also needed for students who frequently fall below 85 percent. If one fifth or more of the students in a group fall below 85 percent on a specific lesson, the entire group should repeat the lesson or firm-up procedures should be done with the group.

Students need to count errors accurately to calculate the correct percentage. The basic rule in counting errors is that numbered items count as one response. If a numbered item has several possible answers the item only counts as one response. For example, an item might tell the students to write North, East, South and West in the boxes around the map. This item counts as one response.

There are some items that have the student circle, underline or write a letter next to objects. These objects are identified with capital letters. Below is an example .

12. Some of the trees below grew in a forest. **Underline** those trees.

There are 3 correct answers. However, the item only counts as one.

Remember, keep a daily record of student performance on independent work. Student mastery is 85%. Take a corrective action when 20% of the group falls below 85% mastery or when individuals score below 85% for 3 consecutive days.
