Opening Eyes to Math doesn't belong on any middle school pages as it's a program for grades 3-4. See, for example, http://www.whatworks.ed.gov/PDF/Topic/MSM_TR_07_30_07.html

Thanks.

Dear Mr. Ludeman,

We apologize for the delay in responding to your comment about the WWC. We would like to thank you for pointing out that the Opening Eyes to Math program is not a middle school math program. As soon as possible, we will revise the middle school math report accordingly.

Thank you,
What Works Clearinghouse

The What Works Clearinghouse was established by the U.S. Department of Education's Institute of Education Sciences to provide educators, policymakers, researchers, and the public with a central and trusted source of scientific evidence of what works in education. For more information, please visit <http://ies.ed.gov/ncee/wwc/>.
