link on the WWC website.

From: mcarr@wffmail.com

Message: In the WWC quick review of the CREDO NYC charter study, WWC
states
that the authors do not demonstrate baseline equivalence on prior test
score
between T and C groups. How can this study meet standards with
reservations if
this requirement is not met? All analyses in the CREDO study are based on
the
analysis sample in which baseline equivalence is not demonstrated.

thank you,

Matthew Carr, PhD

Subject: What Works Clearinghouse (WWCPC 2258)
Dear Dr. Carr:

Thank you for contacting the What Works Clearinghouse (WWC). We have received your email about the WWC quick review of the study "Charter School Performance in New York City." WWC staff are reviewing your email and will prepare a response.

What Works Clearinghouse

The What Works Clearinghouse was established by the U.S. Department of Education's Institute of Education Sciences to provide educators, policymakers, researchers, and the public with a central and trusted source of scientific evidence of what works in education. For more information, please visit <http://ies.ed.gov/ncee/wwc/>.

Dear Dr. Carr,

Attached is a response to the questions you raised in your July 7 message to the What Works Clearinghouse (WWC).

Thank you,

What Works Clearinghouse

The What Works Clearinghouse was established by the U.S. Department of Education's Institute of Education Sciences to provide educators, policymakers, researchers, and the public with a central and trusted source of scientific evidence of what works in education.
